what vision do you have for your invitations? are there any 'must have's'?

Which printing method/paper type are you interested in?

please note, this is the order of pricing from lowest to highest for print/paper:

- flat printing (digital - perfect for watercolours and floral details)
- letterpress printing (a beautiful classic option, where the ink is pressed into double thick cotton paper... your entire suite can be done in letterpress, or we can combine flat printing with a letterpress invitation)
- gold/metallic foil printing (the creme de la creme of printing processes; a luxurious, classic print method. foil sheets are pressed into double thick paper, providing a true metallic shine and indentation to your suite. your entire suite can be foil stamped, or we can combine digital printing with a foil printed invitation)
